## Description

This ultra high-end Dutch premium quality built, modern and at the edge of the technology interpretation of retro style displacement trawler, is used as a shipyard's demo unit and therefore maintained in a mint/new condition. This Strong steel yacht generous in volumes is a comfortable 3 Cabins version for 6 guests to be used as a family boat fitted on a single engine version and long range, it represents the most fuel efficient yacht from its category, but could however be easily retrofitted in a twin engine version by the Manufacturer. The Livingstone 24, reminiscent of an old-school luxury ocean liner, is designed with a relaxed family lifestyle in mind. Despite her classic, 1930s inspired, lines various 21st century innovations have been incorporated. Stylish, adventurous and light-spirited, that's what the Livingstone is about.The classic Livingstone 24 has a unique decor featuring a retro and vintage feel but looking closer she is clearly a contemporary yacht with a distinctive character, inspired by the classic gentleman's yachts of the 1930's mixed with Dutch Design, characterized as minimalist and innovative.
