Description

True greatness in the boating world is measured by a yacht's style, not only the interior décor; but also in terms of inspirational design, overall concept and its idea of navigation. These elements make the Navetta 42, the biggest semi-displacement hull ever built by Custom Line, a seaborne vision that is a showcase for design in motion, sophisticated elegance, and extraordinary performance. Studio Zuccon International Project, Ferretti Group's Product Strategy Committee, and the Group's Engineering Department joined forces to design the yacht, the first in the history of the brand offering a transatlantic range of over 3,000 nautical miles. Every aspect of both the interior and exterior of this highly desirable yacht can be customised to take full benefit of its generous volumes and four decks, offering a perfect place to relax and enjoy the supreme quality of life on board. A huge suite on the main deck is reserved for the owner, who can opt for four VIP suites or five standard en-suite cabins to accommodate guests thanks to the versatile layout of the lower deck. The aft area is set aside for the large beach club at sea level offering fun and relaxation; the garage opens out onto the sea and is equipped with the new system for launching and hauling out of tenders and water toys.
