Description

X stands for extraordinary talent; for a performance whose limits are still to be tested; for a constantly evolving DNA. It might be just a few months since Pershing announced its 140 foot flagship but it's all set to take fans and the market by surprise again with the launch of the new innovative coupé 5X. Every new Pershing creates a thrill that sends ripples of emotion through the terraqueous globe from the Mediterranean to central and northern Europe; from the United States to South America and Asia-Pacific, where Pershing has a cult following among motor yacht enthusiasts. The Pershing 5X is the result of the collaboration between the Product Strategy Committee, Ferretti Group's Engineering Department and architect Fulvio De Simoni.
