## DESCRIPTION

---

76' Perseo has been conceived with a view to preserving the family feeling with the other models in the brand's sporty range, and deservedly joins the other true masterpieces in Riva's recent production. This yacht immediately strikes for its sporty features and elegance, further enhanced by its color shades. The first hull presents a new shade of metal silver - the already well-known 'Moon Grey' - as the dominating color, combined with Riva's classical dark shade, 'Bright Black'. The yacht's sporty look is further highlighted by the over 40 square meters of glazed surfaces: the large hull glazing, on both sides, comprises two elliptical surfaces, ideally connected by the Riva logo, in polished stainless steel, one of the brand's distinctive and traditional materials. The side glazing on the main deck, in turn, is ideally 'cut through' by a handrail installed along the edge of the superstructure, which makes the yacht's profile even more slender and extends the overall size of the glazing in the main salon, while ensuring the utmost safety along the outdoor passageways. The wide windshield, supported by a central stanchion, comes in the largest possible size, in order to offer the captain the widest and most thorough visibility. The spacious sun deck perfectly harmonizes with the yacht's aerodynamic lines and ensures the utmost privacy and relaxation, besides allowing to pilot the craft from a privileged position
